Welcome to XM!

Get ready to explore 170 diverse channels presented in crystal-clear, digital sound. To help you get started, in this Welcome Kit you'll find a complete Channel Lineup. And you'll be introduced to a bunch of cool characters who have some listening suggestions for you. You'll even have the chance to create your own character—to help you discover your inner XM.

Begin with Some All-Time Favorite Channels

At XM, there are always new channels being added. Plus, you'll enjoy popular channels that you just can't get enough of, including:

- **XXM™** (Channel 2)—Enjoy the best of our popular original music shows, including *Bob Dylan's Theme Time Radio Hour* and *Tom Petty's Buried Treasure*.
- **Flight 26** (Channel 26)—Tune in to grown-up hits from the '90s to today.
- **College Sports** (Channel 190+)—Catch the play-by-play from every major conference and game-day coverage of over 130 teams—with news, talk and analysis all season long.

Make Sure Your XM Radio is Properly Installed

For the clearest sound, your antenna needs a clear path to the sky, and inside antennas should be placed in an unobstructed south-facing window. All connections should be tight and secure. If you're listening through an FM radio, tune your XM radio and car stereo to the same frequency.

Check Out Your Welcome Kit and Start Your XM Journey Now

Grab your Channel Lineup and turn on your XM radio. From music hits of yesterday to today, to talk, news, comedy, sports and more, you'll find programming that you love—and love to discover. Enjoy your journey!

Sincerely,
The XM Team
