

The neoprene headband keeps the earplugs securely in place. And, it floats, making retrieval easy if it comes off.

See Healthwise Handbook:
Swimmer's Ear (Otitis Externa)

A.
Contains safe, comfortable earplugs to keep water out of the ears.

A. Keep water out of the ears while swimming.

Helps bathers or swimmers to prevent development and recurrence of painful swimmer's ear when water (and possible infection) enters the ear, particularly in those with eardrum perforations. The Ear Band-It® is a neoprene headband that contains safe, comfortable putty-like earplugs to keep water out of the ears. A Velcro®-like closure prevents slippage during use. Choose S (1-3 years), M (4-10 years) or L (10 years-adult).

Ear Band-It® Ear Protection System

Healthy solutions for summer fun

B. Say goodbye to wet casts and bandages.

Now you can easily keep casts or bandages fully dry when showering, bathing or even playing in the swimming pool. Forget garbage bags, plastic bags or dangerous balancing acts. The durable XeroSox® vacuum sealing protector fits over your leg or arm cast and creates a perfectly waterproof seal. Unit includes a built-in hand pump that removes any excess air. *Product contains natural rubber latex that may cause allergic reactions in some people.*
